

Our Services and Offerings

Fiscal Strategies & Support - Coaching To Success

With over 38 years of bookkeeping and business experience, our mandate is to pass on what we know to others who have the desire to be great at what they do. Our mission is to support bookkeepers and business owners everywhere and help you grow to your fullest potential. We are twofold; we not only work alongside the business owner, but also ensure the company has accurate financials. The following are our services for fiscal strategies and support:

- Business growth for ultimate abundance
- Bookkeeping training & support

Passion Facilitation - It's Never Too Late

One of the things that life has taught us is to discover our passions and to make them happen. After all, we only live once and life is not a dress rehearsal. We have a unique system called The Passion Test that will help you to find and fine tune your passions and move your life in these directions. If you are struggling in your business or have the desire to live a dream, then it's time to take action. It is.... never too late!

Audio & Video Production - Audiobooks

Using our own audio & video equipment, we can help you put together a presentation that will support your cause, product or service. In the world of literature, audiobooks are gaining in popularity. We provide a finished, fully edited and professional product that will be instantly available on Amazon, Audible and iTunes, the top 3 sources of retail audiobooks. If you have a paper and/or e-copy of your book, you owe it to yourself to take advantage of this 3rd marketing option. Connect with us to find out more.

Words & Editing - The Pen Is Mightier Than the Sword

Writing in all its forms still comes down to stringing words together in a format that is useful, correct, insightful and timely. How we apply and take care of the words is what we have to offer. The following are our services when it comes to the written word:

- Book editing
- Copywriting
- Ghostwriting
- Website copy
- Corporate manuals & reports
